Youth is defined as any driver under the age of 22. If the risk has any drivers under the age of 22, underlying automobile limits of \$500/500/50 or \$500 CSL are required. All other risks require underlying automobile limits of \$250/500/50, \$300/300/50 or \$300 CSL. **Standard II** premiums are **NOT** available if there are any drivers over the age of 69 in the household.

To qualify for the **Preferred** rate, all answers to questions 1 through 9 on the Application must fall under the **Preferred** column. Even if one answer falls under the **Standard** column, you use the **Standard** rate; and even if one answer falls under the **Standard II** column, you use the **Standard II** rate.

Add \$25.00 per Antique/Classic vehicle to the premiums above (count not to exceed 25). Antique/Classic vehicles are defined as private passenger vehicles licensed for road use, more than 20 years old, driven not more than 2,500 miles annually, owned for limited pleasure use, car shows and club events that are covered under a Collector Automobile policy. Antique/Classic vehicles should not be included in the count for Number of Licensed Vehicles when determining the Class.

Refer to the next page for premiums including the 100/300 underlying auto limits buy back charge.
