IMPORTANT PERSONAL LINES MARKET UPDATES

September, 2023

This personal lines marketplace is continuing to change with carrier appetites, restrictions on new business and moratoriums. Some of our personal lines markets have changes that we want to make you aware of.

Aegis

Due to change in underwriting appetite and profitability, Aegis General is exiting the Affordable Housing and the Dwelling Special products. Effective 9/15/2023 no new business. Non renewals TBD, more information to come as we receive it. Please contact a personal lines underwriter for replacement coverage.

American Modern

Due to change in underwriting appetite, AMIG will be exiting the Mobile Home Tenant and Condo programs effective 10/15/2023. Non renewals TBD, more information to come as we receive it. Please contact a personal lines underwriter for replacement coverage.

RLI Moving to Paperless Application and Binding Process

RLI Personal Umbrella will transition away from accepting new account current business by the end of 2023. This means that all new business must have payment applied prior to final submission to RLI.

RLI will no longer accept faxed, mailed or emailed applications. This new process will be more efficient for everyone involved and will allow applications to be processed more quickly.

If your agency needs to get access to the RLI portal, please contact [Jennifer Hopper](#) or [Angie Edwards](#) for log in credentials.

Remember! Arlington/Roe continues to have strong markets to handle your personal lines needs, including standard preferred markets for your high value homes and specialty markets for residential risks.
